

**CALYPSO**  
DESIGN ITEA GROUP

Metal wall lamp with a particular design that generates an interesting indirect light produced by four integrated and dimmable LEDs. The two elements that reflect light are always white, while the headband can be colored.

Applique en métal de design particulier qui génère une belle lumière indirecte produite par quatre LED intégrés et à intensité réglable. Les deux éléments qui reflètent la lumière sont toujours blancs, tandis que le bandeau frontal peut être coloré.

Eine Wandleuchte aus Metall von besonderem Design, das ein schönes indirektes Licht schafft und das seinerseits durch vier integrierte und dimmbare Leds erzeugt wird. Die beiden Elemente, die das Licht reflektieren, sind immer weiß, während das vordere Band farbig sein kann.
