

SPIONCINA
DESIGN ROMANI SACCANI
ARCHITETTI ASSOCIATI

Linear and elegant design collection developed in suspensions, ceiling and wall lamps, and a floor lamp. The combination of the two extraclear glass shades, bent in a specular way at 90° at one end of their sanded area, creates an original play of solids and voids.

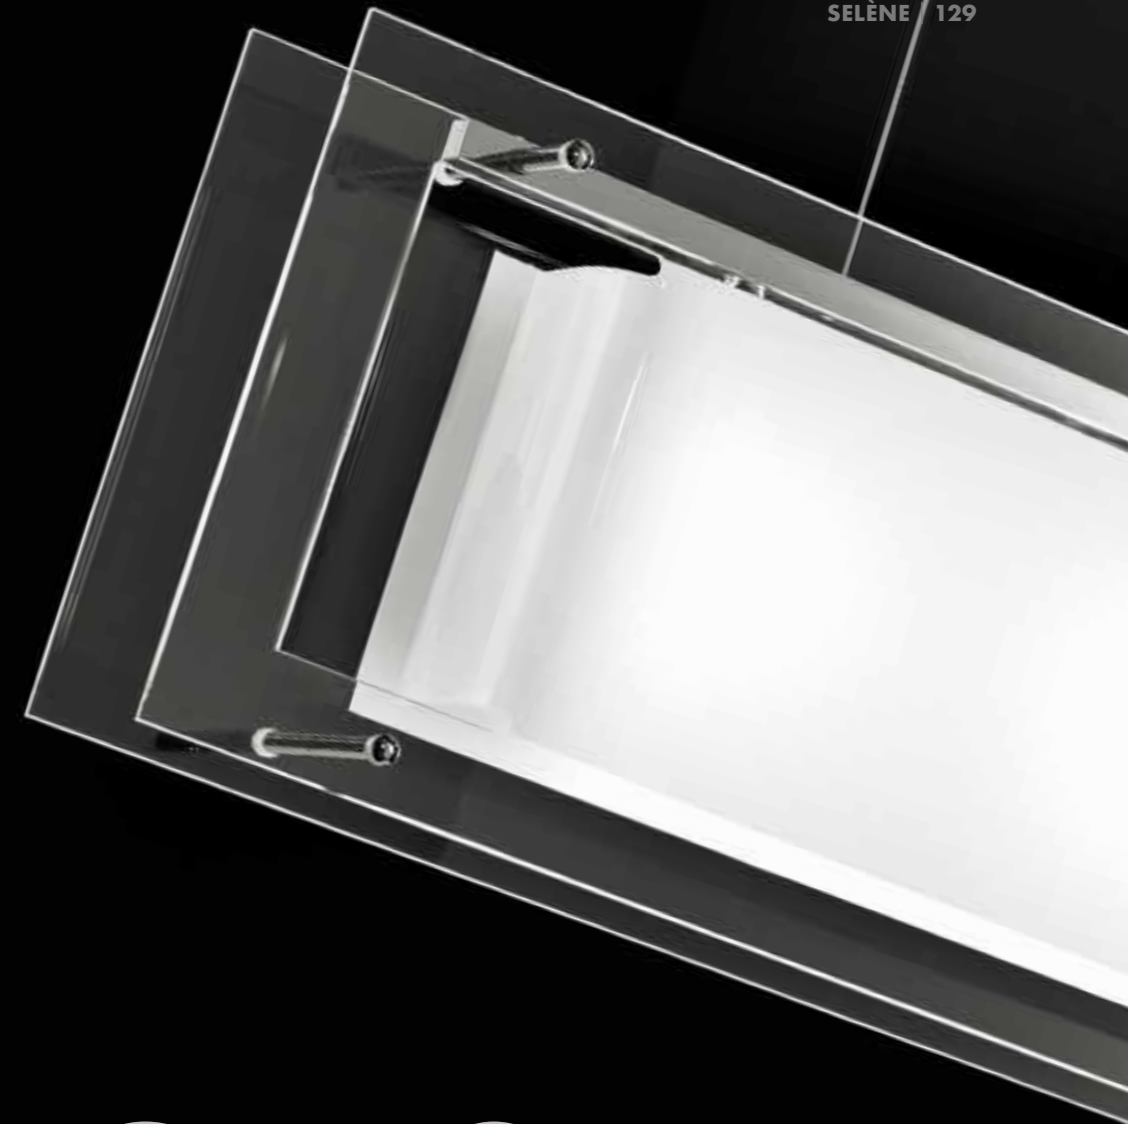

Collection de design linéaire et élégant, développé en suspensions, plafonniers, appliques et lampadaire. L'enclenchement des deux diffuseurs en verre extra-clair, pliés de façon spéculaire à 90° à une extrémité de leur partie sablée, crée un jeu original de pleins et de vides.

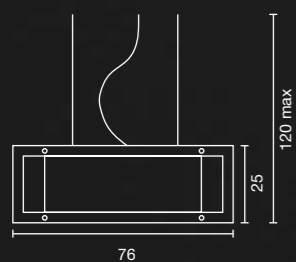

Kollektion mit linearem und elegantem Design, das in Hänge-, Decken-, Wand- und Stehlampen zum Ausdruck kommt. Die Kombination von zwei Diffusoren aus sehr hellem Kristall, die an einem Ende ihres sandgestrahlten Teils im 90° Winkel zueinander gebogen sind, lässt ein originelles Voll-Leer-Spiel entstehen.

SPIONCINA

luminosa
ed elegante

Collezione dal design lineare ed elegante che si declina in sospensioni, plafoniere, applique e piantana. L'abbinamento dei due diffusori in cristallo extra chiaro, piegati specularmente a 90° ad una estremità della loro parte sabbiata, crea un originale gioco di pieni e di vuoti.
